## Overview

**Preface.** This handbook serves as a general guide for interns and supervisors in the Comptroller Civilian Career Program (CP 11). While every effort is made to ensure the most up-to-date information is contained here-in, this handbook is general in nature and not specific to any one organization or function. If you have questions or need clarification, contact your Command or Activity Career Program Manager (CPM) or the Comptroller Proponency Office. Appendix A details requirements and due dates for information regarding interns.

**Comptroller Civilian Career Program (CP 11).** The Comptroller Civilian Career Program (CP 11) covers professional and administrative positions in a variety of financial and resource management related functional specialties. Principally among these are the following (by specialty and principal job series):

- Multi-Disciplined Financial Management Analyst 501\*
- Accounting 510
- Auditing 511
- Operations Research (Cost Analysis) 1515

(\*The GS-301, GS-343, GS-501, GS-505, GS-560 series are contained in the Multi-Disciplined Financial Management Analyst series group designation of GS-501).

**Army Civilian Training Education and Development System (ACTEDS).** The purpose of ACTEDS is to provide for the systematic training and development of Army career civilians from intern to senior managerial and executive levels. The CP 11 ACTEDS Plan outlines sequential and progressive training in the Comptroller functional specialties and in leadership, supervision, and managerial development. It also provides general information and guidance on management of the Comptroller Civilian Career Program, career progression ladders, key positions, and mobility requirements in CP 11. DA interns are centrally funded by ACTEDS for all salaries, training, travel, per diem costs and a one time Permanent Change Of Station (PCS) move. **NOTE: ACTEDS does not fund rental cars, local travel and travel in and around training sites or the purchase of computers or other equipment.**

**CP 11 Roles and Responsibilities.** Interns are important assets for the Army as they are the future leaders. Their success and ultimate movement into the professional ranks are key responsibilities of the following individuals and organizations.

**Functional Chief (FC).** The FC for the Comptroller Civilian Career Program is the Assistant Secretary of the Army (Financial Management and Comptroller). The FC provides overall career program leadership for the development, coordination, implementation and management of the Comptroller Civilian Career Program.

**Functional Chief Representative (FCR).** The FC designates a senior civilian executive to serve as his/her principal advisor; that individual is designated the career program FCR. The FCR will:

- Monitor candidate evaluation systems to ensure competencies are current.
- Monitor the effectiveness of the management and administration of the intern program to include assisting in the placement of graduate interns.
- Support career program intake and estimating intern requirements.

**CP 11 Executive Council.** CP 11 employs a broad-based management structure to assist and advise the FC and FCR in his/her oversight of the career program. The CP 11 Executive Council is chaired by the FCR. The council meets at least four times a year. Members are the senior resource managers in selected Army commands and HQDA staff elements.

- Provide resources to administer and support CP 11.
- Ensure nominations for the Competitive Professional Development (CPD) program are reviewed, rank-ordered and endorsed.
- Assist the FCR in supporting career program intake.

**Comptroller Junior Executive Council (CJEC).** The CJEC assists the CP 11 Executive Council and meets at least annually.

- Serves as the CP 11 Functional Subject Matter Expert and represents the Command on the Comptroller Junior Executive Council.
- Serves as liaison between the Comptroller Proponency Office and Intern Supervisor, Command Intern Program Manager and Interns.
- Assists Intern Supervisor and Command Intern Program Manager.
- Develops rotational assignment objectives to be accomplished during rotational assignments.

**Command or Activity Career Program Managers (CPM).** CPMs are the FCR's counterparts at the Army commands. CPMs will:

- Advise command headquarters and field activities on career management from a functional standpoint.
- Solicit nominations for Competitive Professional Development (CPD).
- Advise and assist the FCR in matters related to career management.

**Comptroller Proponency Office.** This office supports the FC and FCR in their responsibilities. In addition to the aforementioned FC/FCR responsibilities, this office:

- Initiates intern recruitment and sets selection criteria.
- Monitors all intern hiring, training and placement.

- Designs and approves training plans.
- Advises the FCR on issues related to the career program.
- Manages the Competitive Professional Development (CPD) program.
- Maintains the CP 11 website and Army Knowledge Online (AKO) page.

**Command Intern Program Coordinator.**

- Conducts agency orientation on mission and structure.
- Serves as a resource person for the intern and supervisor.
- Helps interns and supervisors identify and clarify responsibilities and commitments.
- Assists with Intern Individual Development Plans.
- Reviews rotational agreements and evaluations.

**Supervisors.** Supervisors have the primary responsibility for ensuring all CP 11 employees have access to appropriate training and are advised of career opportunities. Supervisors will:

- Establish office expectations and conditions for evaluating performance and achieving developmental objectives.
- Provide regular feedback and guidance.
- Evaluate intern performance and complete performance appraisals.
- Initiate all appropriate personnel actions in a timely manner.
- Assist with administrative issues, e.g. travel, health benefits, etc.
- Maintain a basic knowledge of the CP 11 Intern Program and requirements.
- Review training needs.
- Assign appropriate work.
- Assist in developing Individual Development Plans (IDP) based on the CP 11 Functional Master Intern Training Plans.
- Monitor execution of the Individual Development Plan.
- Assign on-the-job training as prescribed in the IDP.
- Nominate and ensure interns attend formal training.
- Assist in developing/evaluating potential rotational assignments and ensuring interns complete a minimum of two – 90 days, ideally 4 rotational assignments.
- Mentor Intern.

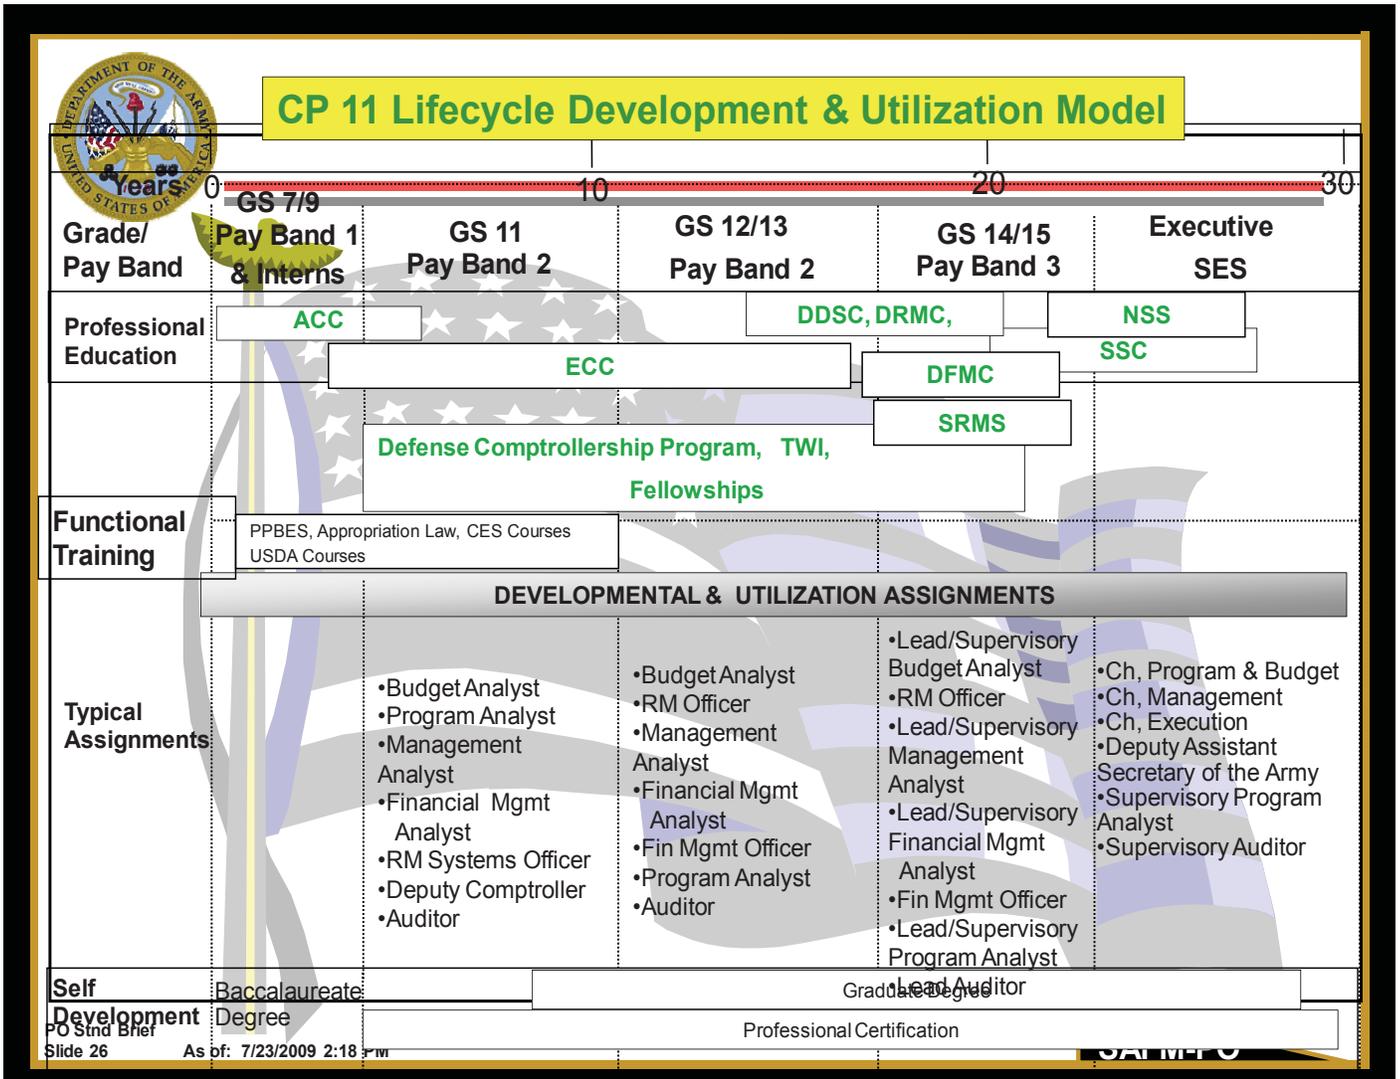

**Rotational Supervisor.** The rotational supervisor is the manager responsible for the intern during the temporary assignments outside the intern's core area. These supervisors are responsible for:

- Ensuring the intern is assigned a full and appropriate workload.
- Developing objectives to be accomplished during the assignment.
- Communicating the objective to the intern prior to the beginning of the assignment.
- Evaluating the intern's performance during the rotation and providing an assessment to the supervisor.

**Intern Responsibilities.** To capitalize on the intern experience, interns have the responsibilities for establishing their own career goals with the assistance of their supervisors. Interns will:

- Achieve all training objectives established in their Individual Development Training Plan based on the Master Intern Training Plan.
- Achieve goals and objectives for each rotational assignment.
- Maintain satisfactory semi-annual/annual performance.
- Develop and enhance financial management core competencies.
- Inform supervisor in a timely manner of all scheduled developmental training activities.
- Network with other interns.
- Enjoy the experience.

**Career Ladder.** The Army Civilian Leadership Training Core Curriculum consists of progressive leadership training from the entry level to the Senior Executive Service (SES). The CP 11 Lifecycle Development & Utilization Model shown below integrates some training and position assignments recommended at various career points in the life cycle of a CP 11 career. The intent of the CP 11 program is to expose all careerists to ample formal education, training, professional development, and performance-enhancing job experiences so that all careerists can grow professionally throughout their careers.

## Civilian Education System

The Civilian Education System (CES) concept originated from a Chief of Staff, Army (CSA) mandate to implement and sustain a CES that provided enhanced training and education opportunities for Army civilian leaders comparable to that provided to officers, warrant officers, and noncommissioned officers. The CES leader development program includes the Civilian Foundation Course (for new Army civilians) and three levels of leader development training - the Basic Course (for First-Line supervisors), the Intermediate Course (for more senior supervisors), and the Advanced Course (for managers of supervisors or programs). The CES learning strategy is progressive and sequential with each course providing required leader training for the current role and the building blocks for the next. The CES training strategy is a combination of distributed learning and resident instruction. CES courses are based on leadership competencies from the Office of Personnel Management and the Center for Army Leadership's FM 6-22, Army Leadership. In order to promote full participation across the Army, training policies will support mandatory training for civilians in leadership positions and a life-long learning approach.

**CP 11 Generic Career Ladder.** A generic CP 11 career ladder is provided below. It is applicable to any of the multi-disciplined and specialized series within CP 11. It reflects the general types of positions, from which a careerist may progress from the intern level, including Presidential Management Fellows (PMF), to Senior Executive Service (SES). It also depicts the wide variety of potential career progression patterns. The ladder's shows the diversity of specialties within CP 11 at various organizational levels.

**Policies.** The following policies apply to the interns in the Comptroller Civilian Career Program (CP 11).

- **Geographic Mobility.** Centrally funded interns are required to sign a mobility agreement as a condition of employment and this agreement must be completed before entrance on duty (EOD). Mobility agreements allow management to place graduating interns in available target positions DA-wide.
- **Master Intern Training Plan (MITP).** The MITP, Appendix C, serves as the foundation for training. The plan lists mandatory and recommended courses to be covered during the 24 month internship; the allocated hours are a guide for training, not an absolute requirement. The supervisor and intern will develop the intern's Individual Development Plan (IDP) using the MITP and comparing the intern's work experiences and education with MITP requirements.
- **Individual Development Plan (IDP).** IDPs are the roadmap to the intern's success. Supervisors and interns will complete the IDP within 30 days of the intern's start date. **Priority 1 – Mandatory** - must be completed. **Priority 2 – Recommended training - Funding Availability Dependent** and **Priority 3 – Electives.** When adding details to the IDP such as training dates and locations, consider all training and travel costs. ACTEDS funds are limited. As managers, we have a responsibility to ensure the most cost efficient use of training resources. Rotational assignments can include temporary duty (TDY) travel; consider costs as rotational assignments are planned. Weigh the benefits and experience with the costs. **Forward a copy of the completed IDP to the CP 11 Proponency Office, [proponency@hqda.army.mil](mailto:proponency@hqda.army.mil) within 30 days of start date.** Both the supervisor and the intern are responsible for keeping the IDP up-to-date and advising the Comptroller Proponency Office of changes. Example of completed IDP, Appendix A.
- **Training Courses.** The MITP specifies courses related to the comptroller functions, as well as leader development; the list of mandatory training courses is provided at Appendix D. Adding courses not prescribed on the MITP requires approval of the Comptroller Proponency Office. Again, costs are a concern as is ensuring that training is relevant to a comptroller function or leader development. The supervisor is required to submit written justification and associated training costs for any training not listed on the MITP. The Comptroller Proponency Office will either approve or deny the request.

Training is available at many government organizations or commercial vendors. DA employees may not receive training from any non-government facility that discriminates because of race, color, religion, or national origin in the admission of or treatment of its students. Appendix E provides a listing of training sources and websites.

Interns and their supervisors must use the Resource Allocation Selection System (RASS) and the Defense Travel System (DTS). RASS is a web-based computer application that centralizes the management of funds for ACTEDS approved intern training. RASS enables the on-line creation, submission, approval status tracking and reporting of training and travel-related request forms (SF 182 and SF 1164). Appendix F- RASS.

**IMPORTANT:** The submission of your training and/or travel requests must be submitted three to four weeks prior to the start of class so that there is ample time for processing and approving your request(s) and also time to register for each of your course(s). DTS is a computer application that streamlines the travel approval process. Intern creates travel (TDY/Local) authorization in DTS.

- **Rotational Assignments.** Rotational assignments are opportunities for both organizational orientation and functional experience. Supervisors and interns should look within their own organizations and at other organizations for broad exposure. Secure commitments early since rotational assignments should be carefully detailed and meaningful for both the intern and the organization. Consider rotations from installation level to HQDA. **A minimum of two 90 day rotational assignments must be completed.**
- **Performance Standards.** The initial counseling session for interns will take place within the first 30 days on duty. Supervisors need to provide the intern with a copy of performance standards based on the completed IDP agreement and an appraisal form. Counseling should cover how the two documents are related and will be used. To make counseling sessions and the performance appraisals meaningful, both the supervisor and the intern should maintain records of both positive and negative incidents, and all work and training accomplished during the rating period. Counseling is not limited to the initial and midpoints prescribed by the form; counseling should be done whenever needed to ensure the intern is progressing. Performance standards are to be reviewed or updated every appraisal period. Use DA Form 7222-1, Appendix H, to document performance standards.
- **Performance Appraisals.** Interns are evaluated on their performance every six months during their first year and once a year during their second year by their supervisors. Their appraisals should reflect performance against their standards as set by the supervisor. Appraisals are documented on DA Form 7222, Appendix I.
- **Promotions.** Interns will be non-competitively promoted provided the following conditions are met:
  - One year of continuous service
  - Demonstrated successful performance.
  - Completion of training requirements.
  - Recommended for promotion by the supervisor.

Promotions are not automatic. Interns must successfully complete the mandatory training, on the job training (OJT) and rotational assignments.

- **Graduation Requirements and Placement.** **Supervisors must initiate the request for Personnel Action (RPA) for intern promotions.** To graduate from the intern program, interns must (1) complete all required mandatory training; (2) demonstrate a working knowledge of comptroller functions by successfully completing a minimum of two 90 day rotational assignments (3) successfully completing on the job training (OJT). Upon completion of the intern program, or upon reaching the target grade of GS 11, interns must be removed from the ACTEDS TDA and placed in a permanent TDA positions within the gaining organization. When graduation is imminent and there are concerns with final placement, refer to AR 690-950 chapter 3 section 25b for clarifying procedures. Here's a link to the AR on the web: [http://www.army.mil/usapa/epubs/pdf/r690\\_950.pdf](http://www.army.mil/usapa/epubs/pdf/r690_950.pdf). If no vacancies exist, the intern will remain on the ACTEDS rolls until a suitable vacancy occurs. Interns will be promoted to their target grade on schedule if all requirements have been met.

## General Information

- **Personnel Guidance.** The following information is provided to acquaint you with general personnel guidance. Contact your local Civilian Personnel Advisory Center (CPAC) for complete information
  - **Appointment.** Interns will be appointed to the excepted service for a 24 month internship. The first year is a probationary period.
  - **Benefits.** Interns are full-time civil service employees and as such are eligible for the benefits package provided to federal employees. This package includes: paid vacation leave, sick leave, paid Federal holidays, health and life insurance, a retirement plan (Federal Employees Retirement System (FERS)) and the Thrift Savings Plan (TSP). The local CPAC can advise you on these programs.
  - **Veterans.** Consult the local CPAC for additional information concerning Service Computation Dates (SCD) and other leave policies.
- **Pay.** Pay and earnings are processed and distributed through the Defense Finance and Accounting Service (DFAS). Pay periods are 80-hour cycles based on two consecutive 40-hour workweeks. All employees are required to participate in direct deposit pay.

Any payroll problems should be directed to the administrative support staff that manages time and attendance inputs to your Agency or Organization. Administrative staff will place a pay inquiry with the local Customer Service Representative (CSR); they are responsible for managing the command time and attendance through a centralized command location. The CSR will research and work to solve the issue locally or may refer your case to the DFAS civilian pay center that services your organization.

- **Overtime Funding.** The Central Program Operations Division (CPOD) will fund all overtime for ACTEDS centrally funded interns that meets the criteria in subparagraphs (1) and (2) below. Local funds must be used to fund all other overtime. Requests for an exception to the overtime policy for situations deserving special consideration will be submitted in writing to CPOD at least two weeks prior to the expected use.
  - a. *Overtime enroute to training.*
    - (1) Interns nonexempt under the Fair Labor Standards Act (FLSA) 29 USC § 20-219. Consistent with OPM guidance, employees are entitled to overtime pay for travel time away from the official duty station on non-workdays when travel is performed during hours that correspond with the employees' regular working hours.
    - (2) Interns exempt under FLSA. Employees are entitled to overtime pay for travel time away from the official duty station on non-workdays only when the purpose or the condition for the travel meets the criteria set forth in section 5542 (b), title 5, United States Code.
  - b. *Overtime during training.* Interns, both exempt and nonexempt under FLSA, are entitled to overtime pay for time spent during training outside regular duty hours when productive work is performed. Overtime pay for training scheduled under these conditions must be approved in advance by CPOD or must be paid from local funds. Requests will be submitted in writing to CPOD at least two weeks prior to expected use.

**Documenting Overtime.** The AG-1 CP ACTEDS Resource Management (RM) office waits until ACTEDS intern overtime is executed, then the appropriate Command is informed of the exact amount to reimburse (via MIPR, DD448).

Overtime and awards are not authorized expenses for ACTEDS. Instead of having our ACTEDS Commands attempt to utilize mission funds when overtime or awards takes place, we allow those expenses to execute against ACTEDS. Once the expenses execute, the ACTEDS RM office will contact the appropriate Command for reimbursement.

Compensatory time is an alternative. Comp time should be annotated with time and attendance for record purposes. It is well within the realm of supervisory controls that a supervisor/employee can work with one another to annotate comp-time - unofficially.

- **Leave and Earnings Statement (LES).** Leave and Earnings Statements (LES) are generated bi-weekly to provide each employee with a record of earnings, deductions, and leave information. Remarks are included on the LES to show any payroll or personnel actions processed during the specific pay period.
- **Government Travel Card.** The Department of Defense (DoD) participates in the Government Travel Card program that funds travel arrangements (lodging, food, transportation, etc.) for civil service employees during official business travel. Currently Citibank issues this card through an agreement with the General Services Administration (GSA) contract. Each command has an agency/organization Program Coordinator who will assist employees in completing the individual billed card account setup/application form to establish and monitor the account.

Card usage is granted based on authorized travel status and individual agreement to use the card only during or in direct support (advance reservations, etc) of the period designated on travel orders and by the agency or organization. This card should only be used for official travel and official travel related expenses away from the official duty station in accordance with agency or organization policy. The travel charge card may **not** be used for personal expenses at any time. Government Travel Card Training will be provided by the gaining organization.

Statements of all charges will come directly to the cardholder's home address; however, an official copy will also be available to agency or organization Program Coordinators. All payments are due in full by the due date specified on the statement. Notify Citibank immediately of any change in your billing address by calling the number located on the reverse of the card.

- **Comp Time.** Compensatory time off for travel is earned by an employee for time spent in a travel status away from the employee's official duty station when such time is not otherwise compensable. Compensatory time off for travel may only be earned for time in a travel status when such time is not otherwise "compensable." Compensable refers to periods of time creditable as hours of work for the purpose of determining a specific pay entitlement. Employees must comply with their agency's procedures for requesting credit within the time period required by the agency. Employees must also comply with their agency's policies and procedures for scheduling and using earned compensatory time off for travel.

- **Creditable Travel Time.** To be creditable under this provision, travel must be officially authorized. In other words, travel must be for work purposes and must be approved by an authorized agency official or otherwise authorized under established agency policies.
  - a. For the purpose of compensatory time off for travel, time in a travel status includes—
    - (1) Time spent traveling between the official duty station and a temporary duty station
    - (2) Time spent traveling between two temporary duty stations
    - (3) The "usual waiting time" preceding or interrupting such travel (e.g., waiting at an airport or train station prior to departure). The employing agency has the sole and exclusive discretion to determine what is creditable as "usual waiting time." An "extended" waiting period—i.e., an unusually long wait during which the employee is free to rest, sleep, or otherwise use the time for his or her own purposes—is not considered time in a travel status.
- **The Joint Travel Regulations (JTR).** The JTR prescribes travel reimbursements in great detail. The following points cover some travel related issues of interest to interns. Refer to the JTR for further clarification.
  - **Local Travel.** Interns may be authorized reimbursements for mileage in accordance with the appropriate rate for the distance that exceeds the employee's commuting distance to the regular place of work and return. Reimbursement may also include necessary parking fees and tolls. ACTEDS does not fund travel to local universities and colleges when tuition assistance is provided.
  - **Travel to training facilities outside the commuting area.** The training participant is authorized one trip to and from the training site and full per diem for the TDY during that trip. Mileage reimbursement and per diem is limited to constructive cost of common carrier transportation and related per diem as determined in the Joint Travel Regulation (JTR), Vol II and the authorizing officer.
  - **Per Diem.** An intern attending training located outside his or her permanent duty station for 30 days or less is eligible to received 100% full per diem.
  - **Permanent Change of Station (PCS).** One household move (PCS) for interns may be funded through the ACTEDS program. Refer to the JTR and Command or Activity Career Program Manager (ACPM) for details.

## National Security Personnel System (NSPS)

### Human Resources

NSPS is a management system that provides DoD with the human resources tools necessary to achieve DoD's critical mission. The human resources tools are robust and compliment one another to create a streamlined and effective way to manage DoD's greatest assets – its employees.

To learn more about the human resource elements of NSPS, visit the following sections:

### Pay-for-Performance

NSPS is a pay-for-performance system that provides DoD with the tools necessary to compensate and reward its most valuable asset—its employees. NSPS is critical to DoD's overall transformation to a results-oriented, performance-based culture. NSPS emphasizes these key concepts that are core to the system:

**Accountability**—Employees are responsible for their careers and performance. Employee's performance and contributions will pay off through salary increases and bonuses.

**Flexibility**—NSPS is a simplified and adaptable management system that places the right people in the right jobs at the right time.

**Results**—Employees' performance and contribution link to achieving organizational goals and DoD's critical mission.

To learn more about the performance management system, [http://www.cpms.osd.mil/nsps/performance\\_management.html](http://www.cpms.osd.mil/nsps/performance_management.html).

### Conversion

#### Interns will not convert to NSPS during their two (2) year program

Employees automatically convert to NSPS based on their permanent position of record under the General Schedule (GS) or other system. When employees convert, they experience **no loss in pay**. For many employees, their salaries may increase if they are eligible for a one-time, prorated Within-Grade-Increase (WGI) buy-in based on time earned toward their next step increase.

Employees will be placed into a Career Group, Pay Schedule and Pay Band based on their occupations. To learn more about the classification architecture;

To see how the conversion process works, NSPS 101 is an online course that provides an overview of the core NSPS elements and includes a conversion calculator. To take NSPS 101, <http://www.cpms.osd.mil/nsps/nsps101/nsps/index.htm>

### **Implementing Issuance on Conversion**

Conversion Into NSPS (Subchapter 1911) describes procedures for converting employees to NSPS, including special conversion issues. This subchapter also provides information concerning the Within Grade Increase (WGI) buy-in.

## **Training**

Training is critical to successful implementation of NSPS. NSPS training is designed to meet the different needs of organizations and employees entering NSPS.

As DoD implements NSPS, training takes on a more prominent role. There are two training tracks:

1. Component-specific training, including soft skill training (communications skills, team building, etc.) prepares employees for the transition to NSPS. Information is available through each component.
2. Operational training provides employees with specific information needed to work within NSPS. Employees will attend classroom training prior to transitioning to NSPS. Information is available through each component.

There will be a significant change-management effort, led by the Components, to precede the implementation of NSPS within the Department's line organizations. Experience from personnel demonstration projects points to the need for increased communication between supervisors and employees in order to achieve successful performance management results. As DoD links individual performance to organizational goals and increases performance accountability, it is important to recognize the significant changes involved and to address them.

Transition to NSPS requires:

- Increased communication between supervisors and employees
- A clear understanding of how to link individual performance to organizational goals
- Employees understanding their roles and responsibilities
- Managers, supervisors, and employees, at all levels, being held accountable

Employees and managers are provided with training to prepare, understand and effectively use the new human resources systems and processes. Just-in-time training is provided so that those affected will have the most up-to-date information when they need it most. Implementation of the training also helps assess the readiness of organizations to transition to NSPS.

Defense Travel System  
(DTS)

# DTS Overview

DTS is an integrated computer system that provides you, the DOD user or traveler, with paperless travel planning and reimbursement. DTS consists of commercial-off-the-shelf software that has been enhanced with interfaces to many other systems for making airline, lodging, and rental car reservations, with plans to add rail reservations capability. DTS is paperless and uses DOD public key infrastructure (PKI) certificates that enable you to sign documents securely.

To manage your own travel or create travel plans for others, open the DTS Home page by entering [www.defensetravel.osd.mil](http://www.defensetravel.osd.mil). Click the green button to log on to DTS. When your travel is complete, you file a voucher that is routed electronically to the appropriate officials for approval and to the Defense Finance and Accounting Service (DFAS) for payment. An electronic funds transfer from DFAS to the government charge card (GOVCC) vendor or your bank account completes the process.
